Calypso Portable Object Certification

Rev 3.1

Certificate Number:	CNA-150528-CPOC-15
Certificate Date:	5 December 2019

Vendor Name:	Watchdata Technologies	
Commercial Name:	TimeCOS DI Calypso version 1.1	
Type and Form Factor:	Dual Interface	
Specification Reference:	Portable Object Application version 3.1	
Accredited Laboratory:	ELITT	
Laboratory Test Report:	ELITT_LAB_ECA_C_RDT_2015_002_V1.0	
Main Features:	1. <i>PIN</i>	<input checked="" type="checkbox"/>
	2. <i>Stored Value</i>	<input checked="" type="checkbox"/>
	3. <i>Shared Files</i>	<input checked="" type="checkbox"/>

This certificate is an extension of the certificate **CNA-150527-CPOC-15** granted on July 2015 to the product TimeCOS DI Calypso version 1.0.

Dear Mr Sert,

Calypso Networks Association, hereafter referred to as "CNA", has received a request, dated 4 December 2019, submitted by Watchdata Technology, your company, hereafter referred to as the "Vendor", for the Certification of the Portable Object, hereafter referred to as the "Product", identified above.

Arguing that the modifications of the original product were minor, you have asked us for an extension of the certificate CNA-150527-CPOC-15 granted on July 2015 to the product TimeCOS DI Calypso version 1.0.

After assessing the differences between the two products presented by the Vendor, CNA considers that the modifications have no reason to affect the behaviour of the Product with regard to the Calypso rev3 functionalities. Therefore, the above referenced Product can benefit from the original certificate without the need for a new technical evaluation by the Laboratory and sufficiently complies with the revision 3 Calypso Networks Association Portable Objects Specifications.

CNA hereby (a) grants the Product Certification for Portable Object, based on the requirements stated in the revision 3 of the CNA Portable Objects Specifications (referenced above), and (b) agrees to include your Product in the certified products list.

The CNA granting of the certification to your Product is subject to the following terms and conditions as listed here after:

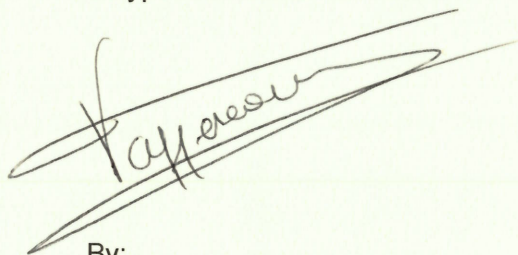

- i) The Vendor commits to the CNA certification procedures to obtain the Certification.
- ii) If the Product's hardware or software is changed, the Vendor must notify CNA of this fact in writing. Any change in the certified Product that generates a different behaviour of the Product with respect to the endorsed specifications and the Vendor's Declaration Form, in CNA's sole discretion, will be considered as a modification requiring a new certification evaluation.
- iii) The Certification granted to the Vendor for the above referenced Product is non-transferable to any other vendor.

CNA has the right to terminate or revoke the Certification should any of the aforementioned terms and conditions not be respected.

Because the CNA's grant is subject to such limitations, including certain events of termination, the Vendor and any third parties should confirm that such Certification is current and has not been terminated by referring to the, up to date, list of certified Products published on the CNA website (www.calypsonet-asso.org).

This Certificate letter is effective as a proof of Certification.
